

Seminar for Bio Ceramics Material

Date: October 28, 2014

Time: 15:00-17:00

Place: Nagoya Institute of Technology

Registration Fee: Free

♠ Special Presentation

15:50-16:10

Prof. Julian R. Jones, Imperial College London

“Softening bioactive glasses: Sol-gel hybrids for regenerative medicine”

♣ Oral Presentation

15:50-16:10

Shinya Yamada, Nagoya Institute of Technology

“Osteoblast-like cell responses to ionic products of magnesium-siloxane-containing vaterite dissolution”

16:10-16:30

Masato Itou, Nagoya University

“Morphology control of calcium phosphate crystals precipitated in hydrogel”

16:30-16:50

Yuki Yamanaka,

“The basic principle and technical trends of the oxygen concentrator”

16:50-17:00 Question-and-answer session

◆ Reception

17:00-18:30 Reception: ¥1,000
